GLENDALE (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., FRIDAY, DECEMBER 20, 1912

No. 35

THE PUBLIC LIBRARY

As a result of the recent board meeting, a number of improvements were agreed upon, in the way of shelving and other additions.

Mrs. R. A. Blackburn, a representative of the board and the Librarian attended the 6th district library meeting at Los Angeles. The following juvenile books have been purchased for the benefit of the children during their vacation—come to the library staff is pleased to be hostess during your vacation and will entertain you with the following new books: Holmes Fairy Tales, Blue Bonnet's Ranch Party, The Cause on Letter K, Kitty Love, Mrs. Beauty, Grandpa's Little Girls Grown Up, Buddie Gray at Buttes Camp, Nancy Lee, Gullivers Travels, Patty's Butterfly Days, The Heart of an Orphan, Marjorie in the Sunny South, The Land of the Blue Flower, Sara Jane, Marjorie's New Friend, Marjorie in Command, Billy Stand the Test, The Fortunes of Pheobe, The School Team on the Diamond, Billy in Camp, Marjorie's Way, Sue, Mrs. Kris Kringle, Sunshine Annie, Glory of the Dolls, Little Red White, and Blue, When Mother Lets Us Travel, Pheobe, Ernest and Cupid, Jerry Junior, A Junior Coad, Christmas.

Later a list of the adult fiction will appear—watch the News.

DR. STOWELL ADVISES PARENTS TO TABOO PEEK-A-BOO EFFECTS AND SILK STOCKINGS.

The regular monthly meeting of the Sixth Street Parent-Teacher Association was held Friday afternoon at the Sixth Street school, the president, Mrs. John G. Hunchberger, presiding.

The following membership committee was appointed: Mrs. A. L. Burson, chairman; Mmes. Wilmot Parcher, L. A. Wood, Theodore Mack, M. A. Begg, Harry Irving, Thomas Wood, F. A. Buck, H. H. Martin, William Justema, Charles Giblin, John McGinnis, M. R. Mason, J. E. Peters, F. L. Thompson, L. W. Goodwin, D. L. Gregg, J. M. Rowe, Dr. Jessie A. Russell.

Dr. Thomas H. Stowell, member of the faculty of the University of Southern California, spoke at length on "The Wise Mother." He dwelt with emphasis on the mistakes of mothers in dressing their girls immodestly, calling particular attention to the effect of peek-a-boo waists, narrow skirts and silk stockings as having a direct tendency toward immorality.

"Every book given to your children," Dr. Stowell said, "should be closely scanned by the mother before you allow it to be read, as it may contain expressions that will plant, unknown to you, the seeds of immorality."

A program consisting of musical numbers by the school orchestra and readings by Sabie Buck and Virginia Hunchberger was offered.

A social hour followed, during which light refreshments were served by a committee composed of Mrs. H. R. Goodwin, Mrs. Thomas Woods, Mrs. J. W. Uslton, Mrs. R. P. McMullen, Mrs. C. B. Cunningham, Mrs. W. E. Heald, Mrs. Theodore Mack and Mrs. Daniels. Earlier in the afternoon each room had their own exercises, where programs were given by the children.

PRESBYTERIANS GIVE FEAST AND SOCIAL.

At the church Friday evening of last week the Presbyterians held open house to all comers and from 5:30 to 10:30 dispensed liberal hospitality. The supper was the first important number on the program, after which followed a social hour and then a pleasing program of music, recitations and screen pictures.

The city is now the possessor of a new Austin gas road roller, weighing eight and a half tons and worth approximately \$3,200. The machine has been secured on a contract which allows the city to prove the machine before completing the purchase.

CITY TRUSTEES

Telephone Franchise to be Advertised Without Change—Water Companies Called on for Information

All members present. A long list of demands on the treasury was read. A communication was received from Sidney Dell requesting the appointment of a committee to get information in regard to securing Owens River water. The president of the board stated that Mr. Kennedy of the public service commission of Los Angeles had made such arrangements regarding this matter that it was only necessary for the board to take the matter up when desired. A petition was received from W. A. Echols and others requesting that the necessary proceedings be started for the construction of side-walks on Brand boulevard from Sixth street to the south city limits. Referred to city engineer with instructions to start the work as soon as the petition represents necessary frontage.

The monthly report of the treasurer was received and referred to finance committee. The weekly report of the tax collector was received and filed.

A communication was received from Claude G. Putnam of 919 Chestnut street in reference to a change of location of a telephone pole. Referred to street superintendent.

Bids for motor cycle were received from M. U. Reed for Flanders and Indian machines; referred to supply committee and street superintendent.

The proposed sale of telephone franchise which has been up at several previous meetings, was then taken up and discussed by the trustees and representatives of the Sunset Telephone Co. The franchise as drawn removes the restrictions at present placed on the number of free calls; the company now charging extra for all connections made with Los Angeles in excess of fifty a month. The representatives of the company maintained that this restriction was necessary for good service and in this contention were upheld by Trustee Coker, but the other members of the board held out for the unlimited number of calls and it was finally agreed on a vote of four to one to advertise the franchise as it stands.

The city clerk reported that the Consolidated Water Company objected to paying that portion of the annual license from June 1st to the date at which the present owners took possession. He was instructed to collect from the company on a pro rata basis.

The public works committee recommended that the present proceedings be abandoned looking to the opening and improving of Doran street and that certain changes be made in the lines adopted.

The clerk reported that following the instructions of the city attorney he had notified the different water companies to furnish the board of trustees a statement showing in detail their business for preceding year.

The city attorney reported that final judgment had been secured in the matter of opening and widening Brand boulevard.

The city clerk was advised to reject all bids for motor cycles and readvertise. The city engineer was instructed to investigate in conjunction with the public welfare committee the septic tank system at Torrance. The salary of Miss Sadler was increased from \$40 to \$50 a month.

When the board adjourned it was to meet again Monday evening at 6:30.

The New Rector of St. Mark's

The new rector of St. Mark's Episcopal church, with his family, have just moved into their new home, 1413 Broadway, and will be glad to see any of their friends. Dr. Mills is a Boston boy, and fitted for college in the Boston Public Latin School. He received his degree of A. B. and A. M. from Wesleyan University, Middletown, Conn., one of the wealthiest colleges in the East, and where President-elect Wilson was one time professor.

He graduated from the law school of Boston University, where he received his degree of LL. B. He afterwards studied theology in the Boston University Theological School, and received his degree of D. D. from the college of which he was once the president. Dr. Mills is somewhat of a lodge man, being one of the oldest members, in point of membership, in the Royal Arcanum, past grand of the L. O. O. F., and a Knight Templar in Masonry. Dr. Mills was ordained deacon and priest by Bishop C. S. Olmsted of Colorado. He has been in Denver for the past ten years, where for three years he was assistant priest at St. Mark's church with Dr. Houghton, and afterwards canon at St. John's Cathedral with Dean Hart. The last thing he did was to purchase land and build a church in the most fashionable resident portion of Denver, until he had church property worth \$20,000.

While in Denver Dr. Mills was secretary of the Diocese of Colorado for six years, and for five years editor of The Colorado Churchman. Mrs. Mills' health failing because of the high altitude of Denver, Dr. Mills came with his family to Southern California. Since being here he has received some very flattering offers to take charge of churches elsewhere, but choosing to remain here for the climate, Bishop Johnson has appointed him as his representative to take charge of St. Mark's Church in our city. There is no reason, with so many Episcopalians here, if all will rally around Dr. Mills and support the church, why St. Mark's shouldn't be one of the largest and most influential churches in the city of Glendale.

Merry Christmas and a Happy New Year to our friends and patrons.

Open Evenings

RAILROAD EXTENSION ON EAST SIDE.

The Present Status.

The committee appointed by the Chamber of Commerce some months ago to work out the details with the Pacific Electric of the proposed new line on the East Side of Glendale, continues to meet from time to time with Mr. Shoup and the company's engineer. One matter which has caused delay which might otherwise have been avoided was the impossibility for a long time of getting the railroad people to say with any definiteness just what they wanted.

At the last meeting, however, the fact was developed very clearly that the requirements are a right of way along the Childs tract line from Tropic up to Fourth street, or possibly just above that thoroughfare, thence on a private right of way westward to Glendale avenue. The difficulties in the way between Broadway and Third street seem difficult, the route from the Childs tract line westward between Broadway and Fifth street seeming much easier of accomplishment. It is understood that the committee is still endeavoring to get a written promise from the railroad people and that when that is received, the effort to secure the rights of way will commence in earnest.

CHAPTER L. P. E. O.

Chapter L convened on Wednesday for an all-day meeting at the home of Mrs. Ed M. Lee of 106 Cedar street. The meeting was called to order by the president, Mrs. A. L. Bryant who presided during an interesting business session. Mrs. Mabel McFadden was initiated into the sisterhood during the forenoon session.

Luncheon was served at noon in the dining room which was beautifully decorated with dark red roses and ferns.

During the afternoon session, Mrs. Jessie Mitchell was initiated into the sisterhood. Mrs. Patience Beatty of Highland Park, official state inspector and organizer of P.E.O. was present during both morning and afternoon sessions. In the afternoon she gave a short address to the chapter, speaking in the most complimentary terms of the work she had just witnessed and of the manner in which the meetings were conducted.

Miss Monica Smith, a member of the chapter who has been spending the winter in Long Beach, was present at this meeting.

The next meeting of Chapter L will be held January 8th at the home of Mrs. John G. Hunchberger on Central avenue.

ELLEN BEACH YAW AT EAGLE ROCK.

The second concert of the enterprising Choral Club of Eagle Rock will occur January 8th at which time Mrs. Ellen Beach Yaw will be the star of the occasion. The former concert of the society proved this organization to be one of high merit and the ladies in charge expressed their gratification at the presence of a number of Glendale people. The opportunities of hearing Mrs. Yaw at a reasonable price are not frequent and no doubt the hall will be packed.

CHAMBER OF COMMERCE MEETING.

The regular meeting of the chamber of commerce last Friday evening was poorly attended and only routine business taken up with the exception that an open meeting with an attractive program was arranged for to take up the next regular meeting night. The program will be announced later.

DEATH OF J. I. ANDERSON.

Mr. J. I. Anderson, who started Glendale's first book store on Broadway, being succeeded by Mr. Bott, died at his home in Highland Park Sunday last and was buried Wednesday. Mr. Anderson had been a semi-invalid for several years, coming to California with his family four or five years ago.

IMPORTANT BUSINESS CHANGE.

Mr. R. A. Petersen has sold out his grocery business to Messrs. Carter & Lyons. The former comes from Santa Ana where he has been engaged in similar business and the latter is a recent arrival from Illinois. Mr. Petersen will probably engage in other business.

MUSIC SECTION OF THE TUESDAY AFTERNOON CLUB.

The musical section of the Tuesday Afternoon Club has postponed the Christmas musical which was to have been held on December 19th, until the first Thursday in January, on account of illness.

MARRIED.

At Presbyterian Manse, last Saturday evening, Dec. 14th, Arthur M. Parker and Miss Elma H. Allam, both of Los Angeles, Rev. W. E. Edmonds performed the ceremony.

Mr. and Mrs. Elmer Evans of Orange street with their house guests, Mr. and Mrs. Walker Moren of Seattle, Wash., were entertained at dinner on Monday evening by Mr. and Mrs. Lucius Phillips of Eighth avenue, Los Angeles.

COL. DELL'S PLAN

A Suggestion to the Charter Makers

Glendale, Cal., Dec. 17, 1912. To the Freeholders Charter Committee: I beg to submit herewith for your consideration a provision for nominating candidates and for a social and civic center. Doubtless, if you shall adopt the principle of this system, you will find many details needed in amendment. I shall be glad to confer with you.

I beg, also, to suggest a provision for one trustee for each of the four wards and two aldermen for the city at large who, with the mayor, shall constitute a city senate with power to veto all legislation involving expenditure of money other than for the ordinary routine. Such a charter gave Atlanta its first impetus, the aldermen being larger men with broader views. The senior alderman (one having larger veto) to act as mayor in absence of mayor, and junior alderman when both are absent. Mayor to preside and have a vote, thus creating a legislative board of seven members.

I was a young lawyer in Atlanta when this sort of a charter was adopted with surprising results, correcting certain evils attendant on ward nomination for councilmen.

Very truly yours,
SIDNEY DELL,

Nominations for Office.

All nominations for office shall be governed by the provisions of this chapter, and shall conform to the public policy hereinafter declared.

We declare:
(1) That it is a clear axiom of political science that there can be no real, genuine, representative, free government—of the people, for the people and by the people—unless the masses of each community, or political unit, (in their respective parties or as citizens) shall be organized by law, at public expense, to the end that in a public hall and by a majority vote, they may in their first or primary meetings ACT AS ONE MAN—A UNIT—in making nominations for office. Without such organization a few secret schemers as is now a matter of public knowledge must and do always put forward the candidates and thereby USURP control of the government. Lack of such organization of the party masses is the parent of the most corrupt oligarchy ever known.

That while it is vital to exclude partisanship, based on national and state politics, from city elections, yet it is equally vital that each community or political unit, in a city shall be organized into parties based exclusively on city politics, to the end that all such city affairs shall be fully discussed by city electors. We, therefore, declare it is sound public policy to promote the establishment of such parties—the most general line of cleavage being that between conservative and radical or liberal thinkers.

(2) The town hall in each political unit, provided primarily for the official mass meetings of electors, thereto, should also constitute, and be used, secondarily and under reasonable regulations prescribed by city ordinance, as a social and civic center for discussion and action by the electors upon all public civic affairs.

It is Therefore Ordained:

(1) That Glendale shall, at all times, be divided into political subdivisions, coincident with each political unit, which unit shall not include more than 1500 and not fewer than 500 electors. Until changed by the legislative body of this city, by ordinance, Glendale shall be divided into four such political units, or wards, by a north and south line along the center of Louise street intersecting an east and west line along the center of Broadway. Whenever practicable and until permanent primary halls shall be acquired, the auditorium of the public school buildings shall be utilized for the political mass meetings herein provided for, subject to their paramount use as schools and in conformity with the regulations of the school board.

(2) That all nominations for city offices made by or through mass meetings of citizens, or of parties organized on the civic basis herein prescribed, shall be placed on the official ballot printed at public expense, provided that there shall be only one nominating mass meeting of citizen electors for each election. Also independent nominations by petition in conformity with state laws in similar cases, may be printed on the official ballot. Any city political party whenever it shall have adopted a declaration of principles in consonance herewith, and shall have fully organized with a charter membership of not less than 200 members in good standing and has elected a president, secretary and treasurer, who have duly accepted and are acting as such in good faith, shall be deemed a duly organized party as herein described. The membership in the several wards or political units shall aggregate two hundred members and shall first fully comply with the laws governing the primary, or first meetings of such parties, provided that no nominee of a party having national or state politics as its basis shall ever be allowed a place on the official ballot. Candidates for offices in the wards or political units, shall be nominated by a majority vote of the mass meeting. Nominations of candidates to be voted for over the entire city shall be made by delegates from the several wards, or political units, in a city convention of such, chosen in each

(Continued on fifth page)

THE CHURCHES

ST. MARK'S EPISCOPAL CHURCH.

Rev. Dr. Mills' topic next Sunday, the Sunday before Christmas, will be "Mary, the Mother of Jesus." There will be a Christmas sermon in St. Mark's church on Christmas day at 10:30 a. m. Excellent music.

CHRISTIAN SCIENCE CHURCH.

First Church of Christ, Scientist, of Glendale. Services in the Masonic Hall on Brand Boulevard, Sunday, 11 a. m. Subject: "Is the Universe, Including Man, Evolved by Atomic Force?" Wednesday, 8 p. m., Sunday school, 9:30 a. m.

FIRST EVANGELICAL LUTHERAN

Bible school, 10 a. m.; church services, 11 a. m.; Christmas sermon. At 6:30 p. m. the Christmas exercises by the Bible school, an interesting program of music and Bible selections. Music numbers by orchestra of intermediate school. Christmas tree. Primary department numbers. Remember the time, 6:30 p. m., sharp. Christmas offering for the board of education.

PRESBYTERIAN CHURCH.

Christmas program will be rendered Monday evening, Dec. 23, 7:30, by the Sunday school. This will be a "Giving Christmas." Each class will decide upon some object to which they will make gifts. Sunday services as usual. Sunday school at 9:45; morning worship, 11 o'clock; Junior and Intermediate Endeavor, 3 p. m.; C. E. meeting, 6:30 p. m.; evening service, 7:30.

Sermons and music will be in keeping with the spirit of Christmas. Subjects, "The Christ of Christmas."

FIRST CHRISTIAN CHURCH.

Sunday school at 9:30 prompt. Prayer meeting Wednesday evening at 7:30. Subject, "Forgiveness—Forgive Us Our Debts as We Forgive Our Debtors."

Choir will meet Thursday evening at the church to practice the Christmas music.

The Royal Workers will give a social at the church Dec. 27. A literary and musical program has been arranged, and candies, ice cream, etc., will be sold to help pay for their Sunday school bungalow.

FIRST METHODIST CHURCH.

Next Sunday morning and evening there will be special Christmas music by the choir. Pastor's morning subject, "The Incarnation of Christ." In the evening there will be given the 4th stereopticon address on "A Crisis in the Life of Christ." These pre-Christmas addresses are proving of great interest to the large congregation. Rev. Blackburn will lead the class meeting, 12 m.; Epworth League service, 6:30 p. m., subject, "The Transfiguration." There will be no prayer meeting Christmas night.

A cantata will be given Monday night at 7:30, under the direction of the J.O.C. class.

CONGREGATIONAL CHURCH.

Sunday school assemblies at 10 a. m., 11:00 a. m. the pastor will speak on "World Peace." A choir is preparing special music for both morning and evening service. Solos will be rendered by Mrs. Corbitt and Mr. Foss. At 7:30 Mr. Benjamin Scovill, the well-known dramatic reader, will give Dickens' "Christmas Carol." It will be recalled that Mr. Scovill gave "The sign of the Cross" in this church a short time ago.

The Christmas exercises of the Sunday school will be held on Monday night. There will be a tree, a program of music and recitation. Santa Claus will be there.

The bazaar conducted by the ladies was very successful, over \$65 being realized, above expenses.

Ladies will be at the Juvenile Shop on Broadway next Tuesday. Pictures, the proprietor, gives one-half of the day's receipts to aid in the philanthropic work of our church.

FIRST BAPTIST CHURCH.

The regular services will be held next Sunday as follows: Sunday school at 9:30 a. m. There are classes and classrooms for all ages. New members are being enrolled every Sunday. B.Y.R.U. at 6:30 p. m. is a fine meeting of the young people held in the south parlor. Preaching service at 11 a. m., with a Christmas sermon by the pastor, and special Christmas music. Christmas exercises by the Sunday school entitled "White Gifts for My King," at 7:30 p. m. Everybody is invited to the brick church, near Brand and Third. About twenty of the young people of the Do All You Can Society took supper together at the church Friday evening, Dec. 13th, after which an interesting program was carried out.

The boys of the Sunday school, twelve years of age and older have been organized into two patrols of the Boys Scouts under the leadership of Mr. Geo. H. Lutter and Mr. F. B. Walker. They have weekly meetings at the church on Friday evenings.

The Sunday school will give a Christmas party to its members in the Social hall of the church, Monday evening, Dec. 23, from 8 to 10.

ST. MARK'S EPISCOPAL CHURCH

Corner Broadway and Isabel St. Sunday Services—Holy Communion 7:30 a. m.; Sunday School, 10:45 a. m.; Morning Prayer and Sermon 11 a. m.; Holy Communion on first Sunday in each month at 11 a. m. GLENDAL, CAL., DECEMBER 20, 1912

Being the last issue of the News before Christmas, we take occasion to wish its patrons, and even those benighted people who try to get along without it, a Merry Christmas!

The sight of Bradner W. Lee and Phil Stanton at the head of a citizens general committee in Los Angeles for the purpose of preparing a new charter in place of the instrument so recently rejected by the people, is one to make the angels of the Goo-Gooes weep. But to mere mortals who want something really worth while in the way of reform, it is evidence of a return to sanity in the affairs of the city.

The death of Whitelaw Reid at his post of duty as ambassador to Great Britain, removes a notable figure from the list of the few men who in political life have made for themselves a prominent place in our history. He was for many years the editor of the New York Tribune, succeeding Horace Greeley in that position. Although always a power in politics, he held no public office of importance until he went to the court of St. James. He was well known in California, having married a daughter of D. O. Mills.

The NEWS has received a summary of the report of the Railroad Commission of California, which indicates that that body is keeping busy. The commission is in daily session with a membership of five. Where the issue is not complicated the board is able to conduct as many as five cases at a time.

In the eighteen months since it has begun work the commission has handled a total of 1264 cases of one sort or another. Of 985 water companies investigated, 307 were found to be active public utilities, 485 mutual organizations, 148 inactive and the status of the others not yet ascertained. It has on its list 46 steam railroads, 22 electric roads, 117 electric light gas and power utilities.

The retirement of Mr. James Bryce from the position of ambassador from England to the United States, is a distinct loss for both countries. It is safe to say that his place is not likely to be adequately filled, for he had high and peculiar fitness for the highest diplomatic position in the world, that of an intermediary between its two foremost nations. Although an Englishman he is the author of the best book that has been written on our government, "The American Commonwealth." He has been in Washington diplomatically for the past five years and the things accomplished in that time have constituted a very important chapter in the history of diplomacy.

Among these was the fisheries question which has been a bone of contention between the two countries for over a century and has threatened more than once to result in war. Similar to this in importance and a vexing problem for many years was the question of sealing in Alaskan waters. It is understood that Mr. Bryce has been requested by his government to remain at his post in Washington until an agreement is reached regarding Panama Canal tolls. Mr. Bryce retires in order to devote his declining years to important literary work.

South Carolina has a governor named Leash, or something like that, who has succeeded in getting himself into print within a few days by making a speech to a convention of governors in which he declared himself in favor of lynching. It is encouraging to note that the convention passed a resolution condemning his utterances, almost unanimously.

When asked how he reconciled his declarations with the fact that he had taken an oath to support the constitution, he expressed his contempt of that document. This Carolina governor reminds us of our own Francis J. Heney who has also expressed his contempt for the constitution and its framers, in language similarly chaste.

CLEAN PROFITS

We call them clean profits because we sell goods to you at reasonable prices, thereby turning our money over quickly. This system has made our store popular. You'll find at all times special values in the various departments of our store. In addition you will find hundreds of regularly priced articles which are also real values, because we give our patrons the advantage of all special savings in cost which we secure.

THE "WASTE OF MONEY."

A great many people talk loosely, even recklessly, about the "waste of money." An idea pervades the minds of many that money foolishly or wickedly spent is "wasted." Our friends who are fighting the rum traffic and the tobacco habit are accustomed to quote staggering statistics showing the enormous "waste of money" spent yearly for these non-essentials. In the papers a few days ago was an account of a woman who pays a New York hotel the sum of ten dollars daily for the lodging and board of a pet dog, and a moral was attached to show the awful "waste of money." It would have been more to the point to have dilated upon the waste of brains in the one case and the misapplied life of a dog in the other, but as for the money it was by no means wasted.

Money has just one object in its existence and that is to keep moving. It is not wasted when it is moving from one person to another. When misapplied by an individual, the one who parts with it may be wasting his substance, but however badly the coin may be tainted, it is fulfilling its mission as it circulates from one person to another. It can only be wasted when it is lost, when it is locked up in a bank, for instance, or sequestered in an old shoe.

GOOD WORDS FROM THE PULPIT.

The scandalous character of the last presidential campaign is denounced with proper severity by the Rev. Dr. Mark A. Matthews, a Moderator of the Presbyterian church. "Taking for his text the folly of magnifying per-

sonal grievances and hatred into national issues, he says:

"We are mistaking mutiny for independence, muckraking for progress and yellow journalism for a fearless press. Demagogues are masquerading in the garments of statesmen, and the clamor of their noisy followers has drowned the voice of reason. The red flag of anarchy heads the procession, and dynamite is substituted for justice. The constitution is challenged, law defied and judges are threatened with recall and removal if they dare face the crazy mob."

"If this nation is to live, the good citizens of the land must be awakened speedily and courageously to the performance of the patriotic duty that lies before them. The gospel of true liberty must be taught at the altar of every family circle and preached in every office and workshop. Respect for the constitution of the fathers, obedience to the law of the land, even-handed justice for all, right living and right thinking must be zealously taught."

OUR CHRISTMAS SERMONETTE.

"On Earth Peace, Good Will to Men."

An old, old text. Millions of folk who have peopled the earth for almost two thousand years have heard it again and again, as the preachers of all the ages since the Master walked the earth, have dilated upon it and dwelt upon its richness and beauty. For it is rich and beautiful; rich in a wealth of promise to the world, made by the myriad of angels that ushered in with their celestial song the first Christmas morning. And it is beautiful with the blossom of Hope that on this one day of the year if on none other, burgeons out from every shrub along life's pathway to prove that the desert is not drear and that beyond the darkness of the present night there shall be the glory of the coming day. Rich and beautiful. The blind poet, John Milton, saw its beauty when he wrote that sublime hymn of the Nativity:

"No war or battle's sound
Was heard the world around;
The idle spear and shield were high up hung;
The trumpet spake not to the armed throng;
And kings sat still with awful eye,
As if they surely knew their sovereign lord was by."

The message promises peace; not merely peace between the nations that shall know war no more, but peace to the struggling human creature that is always here in the midst of conflict, fighting blindly against unnumbered foes that will not grant a truce, but are ever arousing within him the hostile passions. But here comes the promise of the Christmas season, the promise that was given by the angels that in the starlit spaces over Bethlehem gave to the listening shepherds and to the generations of men to follow, the promise that was made in the name of the Prince of Peace. To the world "Good Will." The good will of one who has power to fulfill his promises is equivalent to performance, and come what may in the history of the nation or the life of the individual, to know that the good will of the omnipotent is toward us, is to know that he bears us up in his everlasting arms and will keep the promises that he has made. Out of the distant past has come, kingdoms and principalities have come and gone, nations have been born, have played their little part on the stage of human action and have passed away, the cities they have builded have crumbled in the dust, their monuments have been defaced and destroyed, their history is unknown, but over the centuries and down through all the ages comes the message of peace and good will, unchanged by fashion and by time

"Unto the earth peace;
Good will toward men."

CORRESPONDENCE

Editor GLENDAL NEWS.

Taking advantage of your generous offer to publish articles pro and con on the provisions of the proposed charter for Glendale, we wish to voice our protest against any provision that makes a money qualification for an aspirant to public office.

It has been the bait held out to every boy since the foundation of the republic that if he but aspire, be faithful, persistent, and thrifty, he may climb even to the first place in the land whether his parents are rich or poor.

The requirements of the present are such (because of the keen competition among the workers and the monopoly in almost every branch of business) that to succeed in the smallest way in securing the necessities of life takes most of the workingman's time. Still further to get leisure enough for study to fit the aspiring youth to grasp the next advanced situation means the application of such rare native ability as but few have been gifted with. The obstacles in the way of success have accumulated to such magnitude as to make it quite impossible for any except the sons of wealthy parents to surmount them.

An ambitious workingman is able, by working overtime or by the assistance of his fellows, to circulate a petition nominating him for office. Now it is proposed to cut off the last shadow of a chance for a workingman to have a say in the conduct of the city's affairs by a provision in the charter that any aspirant must have money to guarantee that he will be able to purchase support.

As Alexander Hamilton was asked whether it was the mule or the man that was to vote when he sought to inject a property qualification into the franchise right, so might we ask in

this instance whether it is the money or the man that is to be nominated in Glendale.

Branch Glendale Socialist Party.
Frank A. Marek, Secy.

We have received a copy of resolutions adopted by the Associated Students of the California University, approving the action of the president of the A.S.U.C. in refusing to call an election for action upon an amendment to the constitution prohibiting the use of liquors in any form at all their functions. It condemns the claims of those who wish to foist the amendment upon the students on the grounds that "Intemperance and debauchery exists in the student body," an assertion which is strenuously denied. The claim is made in the circular that the sentiment in favor of temperance among the student body has been remarkable during the last year.

CHRISTMAS IN GLENDALE.

The indications are that Christmas will be observed to the fullest extent possible in Glendale. The stores generally have very attractive displays, the windows bedecked in holiday attire. Never before has there been so little need for the givers of presents to go away from home to make their purchases. In every line of supplies

the stores are carrying an unusually full and attractive list. The churches all have arranged for special and attractive Christmas services, and the social functions promise to break the record. The weather, at nearly a week's distance, is making promise of being the ideal of the California Christmas, clear and mild.

Miss Edna E. Klimcke of Verdugo road is spending the Christmas holiday season with friends in San Francisco and Alameda.

Mr. and Mrs. M. C. Shekels of Los Angeles have arrived at Thornycroft where they will enjoy the holiday season and the remainder of the winter.

Mr. T. L. Puckett, who resided for awhile in Glendale a few years ago, and still has business interests here, called at the NEWS office this week. Mr. Puckett is located at Alhambra.

Mr. C. H. Morton, who represents "Beaver Board" on the coast, called in at the NEWS office Wednesday last. He has just returned from a business tour of Nevada and reports everything very quiet there, Tonopah being the only place that shows any signs of good business.

The Glendale News

GLENDAL, CAL., DECEMBER 20, 1912

CALIFORNIA

is 775 miles long, has 1,000 miles of coast line, and an average width of 200 miles.

Contains 153,650 square miles, an area equal to the states of New York, New Jersey, Massachusetts, Rhode Island, Vermont, Maine, New Hampshire, Connecticut and Ohio.

The population of these ten states is 26,623,535. The population of California is 1,277,549, an increase of over 60 per cent in ten years.

The display of California-grown rice at the Oroville Orange and Olive Exposition on December 2-7, with other things, was of much interest. The rice grown during the past season in Butte County has yielded from fifty to sixty sacks per acre, and a \$40,000 rice mill is being erected in Sacramento by the Aki Company.

Sugar beet factories at Corcoran and Visalia are now contracting for the 1913 crop. The beet sugar production of the state is now estimated at 614,000 tons.

The shipments of new crop of citrus fruits from November 1 to 18, 1912, were 834 carloads, against 997 in 1911. The fresh fruit shipments to November 27, 1912, were 13,307 cars, against 12,307 up to corresponding date of 1911.

The lima bean crop of Ventura county sustained some damage from the rain.

Imperial county, it is said, will have 20,000 bales of cotton this season.

The largest dredger in the world is being erected for Yuba county, near Folsom.

Transactions in oil have been very active. California oil dividends for October were \$668,113. The purchase of the Union Oil Company by the General Petroleum Company for a large sum speaks well for the confidence in the industry.

For information on any county, write to the California Development Board, San Francisco, Cal.

A VALUABLE NEWSPAPER.

Mr. Fred Evans has favored the NEWS with as valuable a number of a newspaper as we have seen for a long time. It is number one volume one of the New York Sun, bearing date Sept. 3, 1833. The sheet is a small folio and typographically a model of simplicity and neatness which would not do discredit to a twentieth century publication. There is a dearth of news items but the advertising is liberal in quantity, consisting on the first page of the announcements of the sailing of steamships for Albany, Hartford and European ports. A column on the last page is devoted to a list showing the valuation of the notes of various banking concerns, a number of which are styled "uncertain." There are no editorials, but the local stories are told in a style surprisingly lively and with a proper sense of humor, as for instance the one which starts off by saying that "Harriet Shultz was charged with committing an assault on one of her husbands," who patched up the trouble when confronted with the lady in court, both promising to live together peacefully. The price of a copy was one penny, yearly subscriptions three dollars, publication daily.

IN LOS ANGELES, TOO.

Residents Say Water Was Shut Off Without Notice.

Water service in the section between Slauson and Florence avenues was brought to the attention of the board of public utilities again by complaints from the residents that the water was recently shut off more than four hours. The Hawthorne Water Company, a private concern, supplies this district.

It is declared a public schoolhouse at Sixty-eighth and Estrella was entirely without water for the four hours, there not being enough for the 1500 pupils to drink.

Engineers from the board who investigated, found that the company was lowering its mains in a street about to be improved and had shut off the water while doing this.

Because the council has failed to take action on a proposed ordinance making it a misdemeanor to shut off the water without obtaining a permit, the board concluded that there was no way of punishing the officials of the company. The occurrence, however, reopened the old subject of the inadequate service caused by small mains and insufficient equipment.—From L. A. Municipal News.

Mr. F. A. Powell, one of San Fernando's successful business men, was in Glendale Wednesday last in connection with the business of the Consolidated Realities Co., of which company he is a director. This company expects soon to begin an active building campaign in Glendale.

NOTICE OF SALE OF TELEPHONE AND TELEGRAPH FRANCHISE BY THE CITY OF GLENDALE.

TO ALL WHOM IT MAY CONCERN: Notice is hereby given that an application has been made to the Board of Trustees of the City of Glendale, California, for a telephone and telegraph franchise granting the right to construct and for a period of twenty-five years to maintain and operate a telephone and telegraph system for commercial and other purposes along streets, alleys, lanes, highways and other public places in the City of Glendale, County of Los Angeles, State of California, together with the appurtenant rights thereto, hereinafter mentioned; and that it is proposed by said Board of Trustees to offer for sale and grant to the highest bidder said franchise upon the following terms and conditions:

1st. The grantee of said franchise, its successors or assigns, shall in good faith within four months from the granting thereof, begin the work of erecting and laying telegraph or telephone wires and the erection, construction and extension of the equipment for the business to be conducted under said franchise; and shall within three years thereafter complete the same, and all of the equipment of said system shall be built and constructed in a good and workmanlike manner and of good substantial material, and the service furnished under said franchise shall be first class in every particular.

2nd. All poles shall be of such size, grade and material and shall be so located and erected as to conform to the instructions and regulations of the Board of Trustees of the City of Glendale.

3rd. All wires and cross-arms extending over or along any street, alley, lane, highway or public place shall be not less than twenty (20) ft. feet above ground; and all of said wires and cross-arms used in said system shall be constructed, placed and maintained in conformity with the instructions and regulations of said Board of Trustees, or its successor; and all telephone lines constructed or operated under said franchise shall have a full metallic circuit.

4th. All conduits shall be placed not less than two (2) ft. feet under ground, shall be located and maintained so as not to interfere with the traveling business in the use of such streets, alleys, lanes, highways and other public places, nor prevent the proper authorities of said City from improving, repairing, altering, sewerage or using the same for any other purpose; and all of said conduits shall be so located, constructed and maintained as to conform to the instructions, rules and regulations of said Board of Trustees, or its successor, of the City of Glendale.

5th. In the event the said grantee, its successors or assigns, shall fail to comply with the instructions, laws and regulations of said Board of Trustees, or its successor, with respect to the location, erection and maintenance of said poles, wires and conduits, within the time prescribed by said Board of Trustees, after the service of written notice so to do upon said grantee, its successors or assigns, or upon the local manager thereof, then said Board of Trustees may immediately cause said poles, wires and conduits to be made to conform to its instructions, rules and regulations, at the cost and expense of said grantee, its successors or assigns, the said cost, together with the penalty of twenty-five (25%) per cent thereon, the grantee, its successors or assigns, do by the acceptance of this franchise, agree to pay, upon demand, to the City of Glendale.

6th. The Board of Trustees of the City of Glendale expressly reserve the right to require said grantee, its successors or assigns, to remove such poles, wires and other conductors from any portion, or portions, of said City and to place said wires in conduits, and under ground, and to place said poles in the alleys, when in its judgment the public welfare shall require the same; and such change as shall be ordered under this paragraph shall be done by the grantor, its successors or assigns, within such time as may be specified by said Board of Trustees.

7th. The grantee of said franchise, its successors or assigns, shall, immediately after the acceptance of this franchise, furnish to the City of Glendale eight (8) telephones, to be installed at places designated by said Board of Trustees and connected with the telephone system of said grantee, its successors or assigns, and shall change the location of the same when required so to do by said Board of Trustees; and shall maintain and keep the same in good repair and working order during the term of said franchise without expense or charge to the City of Glendale.

8th. The grantee, its successors or assigns, shall, during the term of said franchise, furnish and grant to the City of Glendale the free use of the necessary pines on the top cross-arm of each of the poles erected, or the necessary space in the conduits, maintained under said franchise, for the purpose of stringing or carrying such wires as shall be needed for the use of said City for police or fire alarm purposes.

9th. The grantee, its successors or assigns, shall not, without the consent of the City of Glendale evidenced by ordinance, sell, transfer, assign or lease said telephone, telegraph, district messenger or burglar alarm system, or any part thereof, or any of the rights or privileges authorized or granted in said franchise; shall not, at any time enter into any combination, directly or indirectly, with any person, firm or corporation, fixing the rate to be charged for telephone, telegraph, district messenger or burglar alarm services, and no officer, employee or manager of the telephone, telegraph, district messenger or burglar alarm system, authorized under this franchise, shall at the same time be in charge of or in the employ of any other telephone, telegraph, district messenger or burglar alarm system, operating in said City.

10th. The grantee, its successors, or assigns, of said franchise shall, during the life thereof, pay to the City of Glendale, in lawful money of the United States, two (2%) per cent. of the gross annual receipts arising from

the use, operation or possession thereof; and this being a renewal of a right or franchise already in existence, the payment of said percentage shall commence with the granting thereof; and it shall be the duty of the grantee, its successors or assigns, to file with the City Clerk of the City of Glendale, at the expiration of one year from the date of the granting of said franchise, and at the expiration of each and every year thereafter during the term thereof, a statement, verified by the oath of the manager or presiding officer of said grantee, its successors or assigns, showing the total gross receipts arising from the use, operation or possession of said franchise during the year next preceding, and within ten (10) days thereafter said grantee, its successors or assigns, shall pay to the City Treasurer of the City of Glendale such sum as may then be due by reason of said percentage; provided that any neglect, omission or refusal by said grantee, its successors or assigns, to file said verified statement, or to pay said percentage at the time and in the manner hereinbefore provided, shall in itself work a forfeiture of said franchise and all of the rights of said grantee, its successors or assigns, and said City of Glendale, through its proper officers, agent, or special employees for that purpose, shall have the right to examine the books of said grantee, its successors or assigns, for the purpose of ascertaining the amount that may be due said City on account of said franchise.

11th. In granting said franchise, the City of Glendale reserves the right to fix the rates to be charged for toll and other services rendered by the grantee, its successors or assigns, under said franchise, and the same shall be fixed by the Board of Trustees of said City of Glendale; provided that the grantee, its successors or assigns, shall, during the life of said franchise, furnish, without extra, additional or long distance charge, all patrons and subscribers in the said City of Glendale service connections over and through every other line or lines of the same or any other telephone or telegraph system owned, operated or controlled by said grantee within the corporate limits of the City of Los Angeles, California.

12th. Said franchise shall not be exclusive, but the rights and privileges, or any of them, may be granted by the City of Glendale, in part or in whole, to any other person, firm or corporation.

13th. That each and all of the terms, conditions and provisions of said franchise are to be kept and performed by said grantee, its successors or assigns, and shall be declared therein to be conditions precedent to the continuation of the rights and privileges therein granted by said City, and the failure by the grantee, its successors or assigns, to keep and perform any one of said terms, provisions or conditions by it to be kept and performed as hereinbefore set forth, and a continuation of such failure after a notice in ten (10) days, in writing, given, to-wit, by said City of Glendale, through its proper officers, shall ipso facto terminate said franchise, and the same, with all rights and privileges therein granted, shall be forfeited, and said franchise shall thereupon be null and void.

Notice is hereby given that sealed bids in writing will be received at the office of said Board of Trustees, for said franchise up to 3 o'clock p. m. on the 10th day of February 1913. That the bids received will be opened at that time; that all bids must be for the payment of a stated sum in gold coin of the United States; and that the franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid thereof, provided, only, that at the time of opening said bids any responsible person, firm or corporation, present or represented, may bid for said franchise a sum not less than ten per cent. above the highest sealed bid, and that said bid so made may be raised not less than ten per cent. by any other responsible bidder, and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder thereof in gold coin of the United States, and provided further that the Board of Trustees reserve the right to reject any and all bids.

Each sealed bid must be accompanied with cash, or a certified check payable to the City Treasurer of said City, for the full amount of said bid, and no sealed bid will be considered, unless it is accompanied with cash or check in enclosed therewith; and the successful bidder must deposit at least ten per cent. of the amount of his bid with the Clerk of said City before said franchise will be struck off to him, and if he shall fail to make such deposit immediately, his bid will not be received and will be considered as void, and said franchise will then and there be offered for sale to the bidder who shall make the highest cash bid thereafter, subject to the same conditions as said deposit as above mentioned. Said procedure will be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent. of the amount of his bid, as herein provided. Said successful bidder shall deposit with the City Clerk within twenty-four hours after the acceptance of his bid the remaining ninety per cent. of the amount thereof, and in case he or it fails to do so, then the said deposit theretofore made will be forfeited, and the award of said franchise will be void, and said Board of Trustees, be again offered for sale to the highest bidder thereafter, in the same manner and under the same restrictions as hereinbefore provided, and in case said bidder fails to deposit with the City Clerk the remaining ninety per cent. of his bid within twenty-four hours after its acceptance, the award to him of said franchise will be set aside, and the deposit theretofore made by him will be forfeited, and no further proceedings for the sale of said franchise will be had until the same shall be re-advertised for sale.

Notice is also hereby given that the successful bidder for said franchise must, within five days after said franchise is awarded to him or it, file with said Board of Trustees a bond running to said City in the penal sum of One Thousand Dollars, with at least two good and sufficient sureties, to be

approved by said Board of Trustees, conditioned that said bidder shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of condition of said bond, the whole amount of the penal sum thereon named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. If said bond be not so filed, the award of said franchise will be set aside, and any money paid therefor will be forfeited.

By order of the Board of Trustees of the City of Glendale.

G. B. WOODBERRY,
City Clerk and Ex-Officio Clerk of the Board of Trustees of the City of Glendale, County of Los Angeles, State of California.

December 17, 1912.

NOTICE OF PUBLIC WORK.

Public notice is hereby given that at its meeting held November 18, 1912, the Board of Trustees of the City of Glendale adopted an Ordinance No. 182 declaring its intention to order the following improvement to be made, to-wit:

That Doran Street be laid out and opened from the East line of Louise Street to the West line of Glendale Avenue in said City of Glendale.

Sec. 2. That the land necessary and convenient to be taken for the improvement described in Section 1 hereof is situated in the City of Glendale, County of Los Angeles, State of California, and is more particularly described as follows, to-wit:

Parcel 1: The Southerly 60 feet of Lot Thirteen (13) Block 13 of the Glendale Boulevard Tract as per Map recorded in Book 5, page 167 of Maps, Records of Los Angeles County, California.

Parcel 2: A strip of land 60 feet in width lying 30 feet each side of, parallel and contiguous to the following described center line, to-wit:

Commencing at a point on the West line of Lot Two (2) of the Thom and Ross Tract as per Map recorded in Book 53, pages 79 and 80 of Miscellaneous Records of Los Angeles County, California, where the produced Easterly center line of Doran Street, as said Doran Street is shown on Map of Tract No. 1645 as per Map recorded in Book 20, pages 190 and 191 of Maps, Records of Los Angeles County, California, intersects said West line of Lot Two (2); thence West line of Lot Two (2); thence Easterly along said produced Easterly center line of Doran Street to an intersection with the Northerly line of said Lot Two (2) of the Thom and Ross Tract; thence Easterly along the Northerly line of said Lot Two (2) to the Northeast corner thereof, excepting therefrom any portion of any public alley or street which may be included within the above described parcels of land.

Sec. 3. That the boundaries of the district in the City of Glendale to be benefited by said improvement, and to be assessed to pay the expense thereof, and to be known as the Assessment District are hereby fixed as follows, to-wit:

Commencing at the Northeast corner of Brand Boulevard and First Street; thence East along the North line of First Street to the Easterly line of Childs Tract as per Map recorded in Book 5, page 157 of Miscellaneous Records of Los Angeles County, California; thence North along the Easterly line of said Childs Tract to the Southerly line of Oak Street; thence West line of Oak Street to the Southerly line of Glendale Avenue; thence Northerly to the most Easterly corner of Lot One (1) of the Thom and Ross Tract as per Map recorded in Book 53, pages 79 and 80 of Miscellaneous Records of Los Angeles County, California; thence West line of said Lot One (1) to the Northwest corner of said lot; thence North to the most Easterly corner of Tract No. 1645, as per Map recorded in Book 20, pages 190 and 191 of Maps, Records of Los Angeles County, California; thence West line of said Tract No. 1645 and the Westerly prolongation thereof to the East line of Brand Boulevard; thence South along the East line of said Brand Boulevard to the point of beginning, excepting therefrom any portion of any public street or alley which may be included within the above described Assessment District.

Sec. 4. The proceedings for the aforesaid improvement shall be taken under the "Street Opening Act for 1903."

Reference is hereby made to said Ordinance No. 182 for further particulars of said work. O. W. TARR,
Street Superintendent City of Glendale.

BIDS FOR MOTORCYCLE.

The undersigned will receive at his office at the City Hall, up to 7:30 p. m., Monday, Dec. 30, 1912, bids for one Motorcycle to conform to the following specifications: Single Cylinder, Magneto Ignition, not less than 4 Horsepower, fully equipped.

Dated December 10, 1912.

G. B. WOODBERRY,
City Clerk of the City of Glendale.

Fictitious Firm Name.

We, George Marble and Edward E. Lord, the undersigned, do hereby certify that we are conducting a retail gas machine, vacuum cleaner, fixtures and appliances business in the City of Los Angeles, State of California, and having our principal place of business located at 221 East Third Street in said city, under the fictitious name of Marble, Lord & Co., and the said business is being conducted by and the firm is composed of the following persons, whose names and addresses are as follows, to-wit: George Marble, 110 Cedar Street, Glendale, California; Edward E. Lord, 936 South Court, Los Angeles, California.

And that there are no other persons interested in same.

Witness our hands this 13th day of November, A. D. 1912.

GEO. MARBLE, EDWARD E. LORD.

State of California, County of Los Angeles—

On this 13th day of November, 1912, before me, Flora E. Wallis, a Notary Public in and for said County of Los Angeles, State of California, personally appeared George Marble and Edward E. Lord, known to me to be the persons whose names are subscribed to the foregoing instrument, and acknowledged to me that they executed the same.

In witness whereof, I have hereunto set my hand and affixed my official seal this 13th day of November, 1912.

(Seal) FLORA E. WALLIS, Notary Public in and for the County of Los Angeles, State of California.

CERTIFICATE.

Business Under Fictitious Name.

We, the undersigned, hereby certify that we are conducting business (Jewelry Store) at No. 112 West Broadway, Glendale, County of Los Angeles, State of California, under the firm name of Walker Jewelry Co., and that said firm is composed of the following named persons:

A. B. Walker, whose address is 428 Brand Boulevard, Glendale, California.

J. E. Walker, whose address is 428 Brand Boulevard, Glendale, California.

Witness our hands this 13th day of November, 1912, at Glendale, California.

A. B. WALKER, J. E. WALKER.

State of California, County of Los Angeles—

On this 13th day of November, in the year one thousand, nine hundred and twelve, A. D., before me, J. C. Sherer, a Notary Public in and for said County, residing therein, duly commissioned and sworn, personally appeared A. B. Walker and J. E. Walker, personally known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

In witness whereof, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

(Seal) J. C. SHERER, Notary Public in and for the County of Los Angeles, State of California.

Dec. 22, 1912.

(Copyright, 1912, by Rev. T. S. Linscott, D.D.)

Christmas Lesson. Isa. ix:1-7.
Golden Text—Unto us a child is born,
unto us a son is given. Isa. ix:6.

(1.) Verse 1—What troubles come to
saint or sinner out of which good may
not be derived?

(2.) What troubles have you ever
known, national or personal, that
could not have been worse?

(3.) What beneficent results came to
Israel from their captivity?

(4.) Which most helps a nation, mor-
ally and spiritually, its prosperity or
its adversity?

(5.) Verse 2—Does God ever permit
or send any affliction to a nation or
an individual with the intention of in-
flicting ultimate injury? Give your
reasons.

(6.) Is it so that the light of pros-
perity generally follows the darkness
of adversity and that grief gives place
to joy? Why?

(7.) What is the great light which
finally came to the Jews and to the
world?

(8.) In how many respects may we
regard Jesus as the light of the world?
(This is one of the questions that may
be answered in writing by members of
the club.)

(9.) Verse 3—Why is an increase of
national population generally regarded
with satisfaction?

(10.) What are the peculiar joys
which result from a bountiful harvest?

(11.) Why are people generally joy-
ful when they are making money?

(12.) Verse 4—What deliverance had
God wrought for Israel?

(13.) What oppressors does Jesus deliv-
er men from today?

(14.) If Jesus delivers his followers
from the slavery of sin how is it that
most Christians confess that they still
sin—that is, are under bondage to sin?

(15.) How did God deliver Israel in
"the day of Midian"? (See Judges
vii:19-25.)

(16.) What is the power which
breaks the chains of sin and sets the
captives free?

(17.) Verse 5—What is the difference
between physical and moral battles?

(18.) Verse 6—Of what child does
Israel here speak?

(19.) What did God's ancient Israel
expect their coming Messiah would ac-
complish?

(20.) What are some of the scriptural
names for the Christ?

(21.) How do the terms "Wonderful
Counselor, the Mighty God, the Ever-
lasting Father, the Prince of Peace,"
apply to Jesus?

(22.) Verse 7—How many nations of
the earth does Jesus reign over today?

(23.) What are the signs of the in-
crease of Christ's government today?

(24.) Will the day ever come, and if
so when, when Jesus shall rule over
the whole earth?

Lesson for Sunday, Dec. 29, 1912.

Review.

His One Meal a Day.

The eccentric Dr. Fordyce, a well
known professor of chemistry of the
eighteenth century, believed that man
required only one meal a day, and for
twenty years he practiced what he
preached. At 4 he would present him-
self at Dolly's chophouse in Paternoster
row, and immediately upon his ar-
rival the cook would place a pound and
a half of rump steak upon the grid-
iron. While it was cooking the doctor
would amuse himself with some such
trifle as half a broiled capon or a plate
of fish and a glass or two of brandy.
Then came the steak, with a full ac-
companiment of bread and potatoes,
and a quart tankard of strong ale.
This was followed by a bottle of old
port, after which he would stroll to his
rooms in Essex street, where he met
his class and gave lectures on chemis-
try.—London Chronicle.

How Careless!

A circus man tells a story illustrat-
ing how soft hearted and sympathetic
some of the ringmasters are when the
acrobats get hurt. The heroine of the
story was a girl who did the four
horse act, the six horse act, the tra-
peze and the flying bar, for all of
which she received the princely re-
muneration of \$40 a week.

One day she fell forty feet from the
trapeze and, landing precipitately and
ill advised on her left wrist, broke the
bone near the elbow. The ringmaster
ran up and sympathized as follows,
with certain profane remarks which
are here excluded:

"What in thunder do you mean by
falling out of that trapeze? I'm a son
of a gun if some of you ginks don't
try to put a crimp into this show every
time we lift the tent!"—Popular Maga-
zine.

Slightly Mixed.

General Adam Budeau told a good
story of a visit he once made in Lon-
don with two friends. They had been
invited to a swell reception in the west
end, and when they arrived they were
met by a funky of gigantic stature,
with nose high in the air.

"Names, please," he said. And the
spokesman replied modestly, "General
Badeau, Colonel Grant and Colonel
Cook."

With imposing stride the funky ad-
vanced to the doors, threw them wide
open and announced, "General Banjo,
Colonel Drunk and the colonel's cook!"

BLOWN 100 YARDS; UNHURT, DRESS TORN

Woman's Strange Experience In an Explosion.

An accident that befell a woman and
tore her clothes into carpet rags as
evenly as a machine could have cut
them, without injuring the woman,
happened in a nitroglycerin factory
near Glasgow, Scotland, recently. The
mixing department was in charge of
a woman whose duty it was to test
the heat in the various jars every few
minutes with a small thermometer.
She had tested the nitroglycerin in six
jars and found the temperature well
below the danger point. Finding that
the six jars tested were "safe," she
neglected to test a seventh jar, which
stood somewhat separated from the rest.

At the moment a travelling show
chanced to pass the factory, and the
woman went to the window and open-

IT IMMEDIATELY EXPLODED.

ed it. The draft of air which she let
in seems to have affected the explo-
sive mixture in the seventh jar, and it
"fumed off." The woman, when she
saw the smoke issuing from the jar,
tried to run away, fearing an explo-
sion. In her panic she knocked down
one of the jars in which nitroglycerin
was standing to cool. It immediately
exploded, and the concussion was com-
municated to several of the other re-
ceptacles, which went off with a roar.

The woman was blown a distance of
100 yards. When picked up her dress
was found to be in a strange condi-
tion. It was literally torn to ribbons.
Each strip was about one-quarter inch
wide, and the rents extended from the
head to the feet in perfectly straight
lines. There were no marks of dis-
figurement on the body of the woman
from the explosion itself, though the
fall had bruised her shockingly.

It was considered a remarkable phe-
nomenon for the clothes to have been
so curiously torn and yet the woman
herself to have escaped the usual shat-
tering effect of these explosions.—New
York Mail.

Railroad Train Rescues Sailors.

It is very rare indeed that survivors
of a shipwreck are rescued by a loco-
motive and train of cars. Such was
the case when the four masted lumber
schooner Admiral, forty-four days out
from Valparaiso for Grays Harbor,
Wash., was wrecked at the mouth of
the Columbia river in January. The
Admiral, helpless before a seventy
mile gale, crashed into the government
jetty at the mouth of the Columbia
river. The schooner drove directly
through a break already started by the
sea in the new wall. As she drove
through Captain Bender, his wife and
little son leaped off on the land side of
the jetty. The great seas were break-
ing high across the jetty, but the crew
of one of the construction trains, see-
ing the peril of the survivors, drove
their train through the storm to them
and carried them back to safety. The
crew of the vessel at the same time
Captain Bender and family jumped
went over the opposite side of the
schooner and were marooned on the
sea end of the jetty. They were later
rescued by a life saving crew. The
vessel was lost.

Gorilla and Man Fight.

A death struggle on the high seas
between a huge gorilla from the wilds
of Borneo and a brawny sailor, in
which the beast was finally killed,
took place on the liner Pathan, plying
between Yokohama and Boston. The
purser, Pedday, was the victim of the
infuriated animal's wrath, and only
because he was possessed of unusual
strength did he escape with his life.
The gorilla weighed 200 pounds. Ped-
day had teased the animal until it
went into a frenzy. It tore out of its
cage and with its gigantic, hairy arms
about the purser bore him to the deck.
Pedday, by the exercise of almost su-
perhuman strength, saved himself from
being thrown overboard until a group
of Malay sailors went to his assistance
with belaying pins and crushed the
crased animal's skull.

sion.]

HEN FERTILIZER FOR FRUIT, FIELD AND GARDEN.

Wonder-what smart Aleck got out the
report that hen fertilizer is no good for
fruit and kills fruit trees? Our pic-
tures give him the lie. No. 1 shows
a Bartlett pear tree right by plant
where hens run. It's a dandy. No. 2
shows a Bartlett where tree gets no
hen manure. Note difference. Trees
are same age, planted same day and
camera was at same distance from
both.

No. 1 is now twice the size of No. 2
and bearing finely. No. 2 hasn't borne

Photo by C. M. Barnitz.

BARTLETT FERTILIZED.

a pear. They are 200 feet apart, and
the only difference in treatment is one
got hen fertilizer and the other didn't.
Let those who undervalue this prod-
uct sit up and take notice.

It is the same as guano, the richest
and most valuable fertilizer for garden,
field and orchard, richest because finest
and the urinary secretions are involved
in the solid matter, and if fed right to
the soil or mixed with a good litter
or absorbent its valuable properties
may be saved; otherwise they evapo-
rate.

Eighty pounds is the average per hen
per year, quality depending on age,
constitution and feed, the best con-
taining 6 per cent nitrogen, 4 per cent
phosphoric acid and 20 per cent potash
to the hundred. On many large plants
colony houses are hauled all over the

Photo by C. M. Barnitz.

BARTLETT UNFERTILIZED.

farm, so that the ground is systemat-
ically enriched and the hens on range
are healthier and more profitable.

Here is a plan for farmers to reclaim
dead land and make money instead of
having their hens dropping this fine
fertilizer around the barn and wagon
shed where it is wasted.

In winter the up to date poultryman
catches the day's droppings on straw
litter, which is put out to rot.

At night they are caught on drop-
ping boards and are removed with a
good absorbent and stored.

When droppings are stored alone or
with sawdust 50 per cent is lost; with
land plaster 33 1-3 per cent, but when
mixed with land plaster and loamy soil
or acid phosphate the virtues are pre-
served.

For hen health, the good of the
ground and profit, this valuable prod-
uct should be removed and cared for.
Try it for strawberries, flowers, gar-
den, the fruit, the field. It's the ne-
plus ultra.

DON'TS.

Don't keep White Leghorns if you
are after a fine market carcass. Rocks,
Dotters, Reds for that.

Don't get the idea that caponizing
requires surgical skill. It's easy after
a little practice.

Don't fall to store loamy sand for
early brooder bedding. It's a disin-
fecter and contains nice fine grit.

Don't bother about big matters if you
cover all the details. Details make the
sum total of success.

Don't drive labor. Do unto you
workmen as you would have an as-
poyer do unto you.

DON'T YOU LAUGH!

You must not laugh at city folks
When they come on the farm.
They're just peculiar, don't you know,
And won't do any harm.

They'll ask if cowslips grow on crows,
If roosters lay big eggs.
They'll want to see the pumpkin tree
And the bush that grows above pigs.

They'll ask if windmills make good wind,
If corncob pipes grow thick.
They'll ask to see the turkey trot,
If chickens grow on chix.

You mustn't laugh at country rubes
When they come down to town.
They'll ask of you the oddest things.
Of course you will not frown.

They'll ask you at the opera
Why folks don't wear their clothes
And why so many city folks
Wear blossoms on their noses.

They'll ask where Little Egypt is
And if the great White Way
Is that which Bunyan's Pilgrim trod
When he went home to stay.

You better learn about the farm.
But don't show Rube all this.
Tis folly for him to be wise
Where ignorance is bliss.
C. M. BARNITZ.

PEPPERING POULTRY.

You don't feed your baby red pep-
per, do you?
That would make you a baby killer
quick.

But how about the little tender baby
turkeys that are cruelly doped with it?
The birds don't dope their darlings.
Mother wild turkey doesn't blister the
delicate internals of her offspring to
raise them. Why should you?

It's unnatural, it's cruel, it's killing.
It's all hot air about that red hot
stuff being beneficial. It's no true
tonic; it's a destructive irritant; it
burns out the liver.

Some folks dope their hens with red
pepper to make them lay. They stuff
them with mustard; they feed them a
mixture of drugs guaranteed to bring
eggs. With what result?

The hen may lay a few more eggs
as long as the transient stimulation
lasts, and some hens may show no
serious after effects, but we have seen
as high as sixty die in a week from
such doping. They had egg-bound,
inflammation of the digestive tract,
violent diarrhea, gangrene of the ovi-
duct and soft ulcerated liver.

A hen often becomes immune. She
cannot lay, through their use.

Dope not only affects old stock, but
the egg germ and the vitality of the
chick.

The delicate adjustment of the egg
organs, necessary to produce a good
hatching egg, is deranged and failure
results.

The poultryman who feeds his
hens stimulants to make them lay and
sells eggs from such doped stock for
hatching is not doing business on the
square, and such use of dope is evi-
dence that a man's stock is no good;
that he is cruelly greedy or has little
practical knowledge of poultry culture.
Here's our time, take it in time.
A mixture of good strains, good grains
and good brains brings the good gains.

FEATHERS AND EGGSHELLS.

We find that crossing different va-
rieties of turkeys seems to bring out
the bad points of both in the offspring.
We have tried crosses of White Hol-
land and Bronze and Bronze and Buff,
and found the mixed poult harder to
raise than the pure Bronze, White or
Buff.

Representative "Cy" Sulloway re-
cently introduced a resolution calling
for an investigation of all chicken and
pigeon coops in the residence section
of Washington. He proposes to use
a shotgun if the police do not stop the
rooster crowing. And yet those Wash-
ingtonians have to endure all those
hot air congressional cockadoodle cock
alarms and dare say nothing.

Burglar alarms aren't very practical
for poultry houses. We find our bul-
dog, Ted, fills the bill. He sleeps
among the chickens, has never been
caught napping yet, and inspires such
fear that even the geese give our
place a wide berth.

When fowls have diarrhea they
should have little water, and that flu-
idured with copperas or made deep red
with venetian red. Milk is best drink
at such time, flavored with cinnamon.

The state game hatchery at Wilbra-
ham (Mass.) recently hatched four-
teen partridge eggs, and from these
fourteen birds next season expects to
secure eggs and in the end to hatch
enough partridges to replenish the
state. Hope it's a success, for there is
no more pleasant greeting on a dewy
spring morning than that cheery bird's
drumming.

A rooster at Wormelsdorf, Pa., how-
ever forty motherless chicks until they
were full feathered and able to shift
for themselves. He wasn't their pap,
either.

We find the agricultural departments
of some states are sending poultry
lecturers to the Young Men's Chris-
tian associations, when requested,
and bearing the expense. This is good
work, and the departments should
have larger appropriations so they
can grant all worthy calls made on
them for agricultural extension.

Department Secretary of Agriculture
A. L. Martin of Harrisburg, Pa., fa-
vors premiums for killing rats and
recommends that four "rat days" be
set for a state wide war on the long
tailed curse. Hope some of these days
fall when the tender chicks make no
many juicy rat dinners.

The fall fairs are offering induc-
ements for egg exhibits, and the dis-
plays are larger and finer every year.
The judges, however, are mostly not
up on eggs, and judging from some
decisions one would think they were
authorities on rats.

BIG AUTOMOBILE SHIPMENT.

The Howard Automobile Company and the Buick Motor Company announce the largest single automobile transaction that has ever been made in the history of the automobile business. This is the shipment of a solid, special trainload of Buick automobiles. This trainload is made up of 75 double-decked carloads containing 375 Buick automobiles valued at practically half a million dollars, the total value in exact figures being \$482,400.

This shipment is made under one bill of lading, and a sight draft for the amount of the entire shipment will be met by the Howard Automobile Co. on the arrival of the trainload. This will necessitate the largest check ever signed by an automobile dealer in favor of a manufacturer for a single shipment in the history of the industry, breaking the record for large checks was made by the Howard Automobile Company in paying for their largest trainload last year, which contained 254 machines valued at \$341,000.

Prominent railroad officials state that this shipment of Buick automobiles is the largest single shipment of first-class freight that has ever been handled in the United States.

This large shipment is the more remarkable as these cars are in addition to the Howard Automobile Company's regular allotment of 150 machines per week, which allotment is being shipped regularly and is not held up for even one week on account of the trainload.

1432 Arden Ave., Oct. 18, 1912.

To the Judges of the J. N. McGillis Contest.

Gentlemen:

First. Mr. McGillis is a very fine-looking gentleman.

Second. He is very courteous to all his trade alike.

Third. Because he was the first to bring down the high cost of living in Glendale.

Fourth. Because when you buy for cash you get more and do with 20 per cent less. Credit is bad.

Fifth. Because he knows when to buy and how to buy and gives his customers the benefit of his good judgment. Respectfully,

FAYE E. SMITH.

NOTICE OF SALE OF BONDS OF THE CITY OF GLENDALE, CALIFORNIA.

Sealed proposals will be received by the City Clerk of the City of Glendale, California, until 7:30 o'clock, p. m., of Monday, January 13, 1913, to purchase of said City municipal bonds as follows:

First: Fire apparatus bonds in the sum of Twenty Thousand Dollars.
Second: Street improvement bonds in the sum of Five Thousand Dollars.

The bonds for fire apparatus are Forty in number and issued in the denomination of Five Hundred (\$500.00) Dollars each, and bearing interest at the rate of five per cent per annum, and will be dated January 1st, 1913, and payable in the following manner:

One of said bonds on the first day of January, 1914, and one of said bonds on the same day and date of each and every year thereafter at the City Treasury of said City, together with interest on all sums unpaid at said date.

Said street improvement bonds shall be ten in number and shall be issued in the denomination of Five Hundred (\$500.00) Dollars each, bearing interest at the rate of five per cent per annum, payable semi-annually. They shall be dated January 1st, 1913, and payable in the following manner:

One of said bonds on the 1st day of January, 1914, and one of said bonds on the same day and date of each and every year thereafter at the City Treasury of said City, together with interest on all sums unpaid at such date.

Said bonds are issued under the authority of the Act of the Legislature of the State of California, entitled "An Act Authorizing the Incurring of Indebtedness by Cities, Towns and Municipal Corporations for Municipal Improvements Thereof," which became a law February 25th, 1901, and the amendments thereto and in accordance with the provisions of law and the ordinances of said City.

No proposals for said bonds will be entertained at less than their face value together with the accrued interest to the date of their delivery, and bids or proposals submitted will be construed by the Board of Trustees of said City to mean par and accrued interest to the date of delivery of said bonds in addition to the premium offered, whether the bids or proposals set forth the same explicitly or not.

The said bonds will be ready for delivery on or about Jan. 20th, 1913, and will be delivered at the City Treasurer's office in the City of Glendale, California, or at any designated place, upon the payment by the purchaser of all expenses incurred by the delivery of the bonds and the transfer of the money necessary to make delivery and payment equivalent to a transaction at the office of the City Treasurer in said City of Glendale.

All bids or proposals providing for delivery at any place other than the City of Glendale, California, will be construed by the Board of Trustees to mean the price bid in addition to the expenses of delivery.

With each proposal or bid must be submitted a certified check drawn upon some bank in the State of California, payable to the City Treasurer of the City of Glendale, for the sum of Five Hundred (\$500.00) Dollars, as guarantee that the bidder will purchase and pay for said bonds in accordance with his proposal in the event the bid is accepted.

The Board of Trustees of said City reserves the right to reject any and all bids or proposals for the purchase of either or both issues of said bonds. By order of the Board of Trustees of the City of Glendale, made at a regular meeting of said Board December 9th, 1912.

G. B. WOODBERRY,

City Clerk of the City of Glendale.

IMPROVEMENTS IN THE NATIONAL PARKS IN CALIFORNIA.

The department of the interior proposes to spend \$268,403 in the national parks in California during the fiscal year ending June 30, 1914. If the amount requested by the secretary of the interior is appropriated by congress. This is an increase of \$170,969 over the appropriation for the current fiscal year. The increases requested are as follows: Yosemite National Park, from \$80,000 to \$233,703; Sequoia National Park, from \$15,550 to \$29,900; General Grant National Park, from \$2000 to \$4800.

STAMP SALES HEAVY.

Postmaster Harrison and his aides completed the report of receipts of the office during November, and state that a total of \$159,865.29 was taken in which was about eleven thousand dollars above receipts for the same month last year. Over 668,000 pieces of mail matter were wrongly addressed or bore only part of a direction, and this gave the clerical force an immense amount of extra work. A daily average of 7359 persons called at the general delivery windows.—L. A. Journal.

(Concluded from first page)

ward, or political unit, as herein provided.

(3) That the political mass meetings herein provided for shall at such mass meetings, elect, by a majority vote, ten delegates and ten alternates to represent them in a city convention for the nomination of candidates for office to be voted upon by the entire city electorate in conjunction with like delegates from the several political units. No proxies in such convention shall be allowed and only the alternate shall vote instead of his principal in case of absence or inability to act. Any delegate violating instructions of his party or of a citizen's mass meeting, shall be guilty of a misdemeanor and on conviction shall be fined not less than \$50, nor more than \$500.

(4) No nominations, either by a party or by a citizen's mass meeting, shall be legal unless due notice shall be given of such mass meeting as herein prescribed. A notice designating the time, place and organization calling the meeting shall be posted at the intersection of each street in the ward, or political unit, for a period of ten days immediately preceding such meeting and shall be published once during such period in the official newspaper of the city. Due proof of such posting and publication shall be filed with the application for placing the nominee on the official ballot.

(4) All such nominating mass meetings shall be held at least forty days but not more than sixty days, prior to the election and the delegates to the city conventions and the alternates shall be chosen at such mass meeting. All nominations for any city office must be filed at least twenty days prior to the election.

(5) The legislative body of the city shall enact all needful legislation, not inconsistent herewith, to complete the details of the nominating system here provided for. These supplementary laws shall be enacted by ordinance and shall (besides others) include laws prescribing the days for the respective primary meetings and providing for their use of the primary balls on specified days; also prescribing who shall constitute members of any organized party and preventing "colonizing" on such parties and illegal voting at such mass meetings.

CERTIFICATE.

Business Under Fictitious Name.

I, the undersigned, hereby certify that I am conducting business (hotel) at No. 245 Glendale Avenue, Glendale, County of Los Angeles, State of California, under the firm name of Hotel Glendale, and that said firm is composed of the following named persons:

M. E. TIGHT, whose address is 245 Glendale Avenue, Glendale, California. Witness my hand this 13th day of December, 1912, at Glendale, California.

M. E. TIGHT.

County of Los Angeles.—On this 13th day of December, in the year one thousand, nine hundred and twelve A. D., before me, J. C. Shere, a Notary Public in and for said County, residing therein, duly commissioned and sworn, personally appeared M. E. TIGHT, personally known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that she executed the same.

In witness whereof, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

Something About People You Know

Harry Lynch, manager of the lighting department, is around again after a few days' absence on the sick list.

Mr. Wilmot Parcher and family have moved into their new home recently built on Eighth street east of Glendale avenue.

City Engineer Mencho has returned from a fortnight's visit to his old stamping grounds, San Francisco, and "Across the Bay."

Mr. John J. Graf, vice president and general manager of the Sespe Con. Oil Co., left Wednesday for the Ventura county oil district.

Mrs. F. White and Mrs. J. W. Nixon of Montana are spending the winter season at the home of Mrs. A. W. Beach of 331 Brand boulevard.

Mrs. Ralph Palmer of Montclair avenue, Los Angeles, was a luncheon guest, Wednesday, at the home of Mrs. C. O. Pulliam on Kenwood street.

Mr. and Mrs. Menzo Williams of North Central avenue will spend the Christmas and New Year's holiday season at Glenwood Inn, Riverside.

Mrs. Edgar Leavitt having sold her property, ten acres, on Glendale avenue, above First street to Mrs. Hall, is now at home at 512 S. Orange street.

Dr. and Mrs. C. W. Pierce of Ninth street were dinner guests Monday evening at the home of Mr. and Mrs. C. A. Post of Figueroa street, Los Angeles.

Julian R. Jack came down from Stanford for the holidays Sunday, and was the guest of his sister, Dr. Jessie A. Russell, Monday and Tuesday of this week.

Mrs. J. E. Russell, accompanied by Mr. and Mrs. A. A. Hewitt and little son Russell, of Ortonville, Minn., are the guests of I. H. Russell of Maryland avenue. They intend to locate permanently in California.

CLARENCE E. KRINBILL

TEACHER OF PIANO

Pupils of all grades received. Studio 1319 West Second street, corner Orange. Sunset 601-R 1f-26

Mrs. A. L. Bryant of Jackson street entertained at a week-end dinner party. Poinsettias were effectively used in decoration. Guests were Dr. W. H. Bowman, Dr. R. C. Crumb, Miss Frances Hoffman and Miss Edna Ormsby.

Mrs. Charles Toll of Kenneth road was among the speakers who addressed the teachers at the institute which is being held this week in Temple Auditorium. Her subject, "The value of organized cooperation, from the mother's standpoint," was handled in an especially able manner.

A large number of Glendale residents were present at the supper and entertainment held Monday evening in the Friday-Morning Club house by the Dickens Fellowship Club for the benefit of blind babies. The feature of the evening was the reading of Dickens' Christmas Carol by George Scovill, an English actor of celebrity.

On Saturday evening, December 14, Mrs. Elmer Evans was hostess for a highly planned surprise birthday dinner in honor of Mr. Evans. The affair was held in their own home on Orange avenue, which was beautifully decorated in white and gold. Dinner was served at six and covers were arranged for Mr. and Mrs. George B. Woodberry, Miss Anna Woodberry and Miss Maybette Pigg.

Mrs. C. W. Bachman of 302 West Ninth street, presided at an elaborately planned and beautiful dinner party on Thursday evening in honor of the birthday anniversary of Dr. Bachman. Decorations were exquisite in a profusion of ferns and white and yellow chrysanthemums. Dinner was served at 6:30. Covers were designated by charming hand-decorated cards, a combination of place cards, and menus. Guests were Mr. and Mrs. Harry Girard, Miss Stella Cain, Mr. Albert Cain, Mr. Joseph Cain, Mrs. Flora Foss, Mrs. C. Myram and Dr. H. R. Emerson, all of Los Angeles, and Mr. and Mrs. Joseph DuGrass, Mr. and Mrs. Conrad S. Davis, Mr. and Mrs. H. L. Miller, Mr. and Mrs. Spencer Robinson, Mrs. Henry Stockbridge and Mr. Leon Bachman of Glendale.

TROPICO

Mr. and Mrs. Fred G. Laffey of the town street, and family, were guests Sunday of friends of Pasadena.

Mrs. Toaxe of Palmer avenue, who for the past several weeks has been quite ill at her home, is reported as being very much improved.

Mrs. Joy Goodsell, who for several days was visiting with her parents, Mr. and Mrs. Tagg, at San Bernardino, has returned to her home on Palmer avenue.

Robert Taylor, the most prominent Good Templar now residing in this valley, is enjoying a visit of several days at San Diego, where he expects to enjoy Christmas with friends.

Last Sunday evening a number of the residents of this place attended the meeting at the Nazarene mission which is located in the McIntyre block on Broadway, Glendale. They report that good meetings are in progress at that place.

Mrs. May Chandler of San Diego has been passing the past few days with a party from that place who are making an extended visit to Los Angeles and surrounding towns. Mrs. Chandler enjoyed a visit of several days with friends at this place, where she was formerly a resident.

Mr. Carpenter, who lives on Park avenue, has started the erection of a beautiful modern residence on Censon home which will be up-to-date in the new style of the Stevens every respect. It will contain seven rooms with modern built-in features and will cost about \$3000. Work will be rushed to completion.

Another of those enjoyable dances was given in Knights of Pythias hall by the K. of P. lodge Thursday evening. Christmas decorations were used and a royal good time was experienced. Committee in charge consisted of C. C. Rittenhouse, chairman; C. C. Haggood and George Howe.

A number of the residents of this place will assist in the rendition of "The Messiah," which will be given by the choir of the First Methodist church of Los Angeles in the auditorium of that church next Sunday evening. The regular choir will be augmented by about fifty voices and a musical evening of real worth will doubtless result.

The employees of the Pacific Light and Power Company have been busy during the past two weeks installing meters and making connections in a large number of the homes of this place for electricity for domestic use. Local residents state that the company is very prompt in installing services and is unusually courteous in its treatment of the subscribers.

Unusually quick work was done on the erection of the fine bungalow at the corner of Moore avenue and Glendale. Hardly a month and a half ago J. J. Burke, the contractor who erected the home, started the work on the foundation. The work was well planned so that at this time the home is occupied by the owners. This is one of the modern bungalow homes of this city and was erected at a cost of about \$3000.

A ridiculous dancing party was given in the Knights of Pythias hall on San Fernando road Wednesday night by a committee composed of Wesley Bullis, John A. Logan and J. J. Davenport. The guests attending surely did comply with the request on the program which read something like this: "Wear the most ridiculous thing you can think of." There was an unusually good attendance and the costumes worn varied in style in quality, and there was certainly a "hot time in the old town that night."

During the past week a large number of the trees of this place were sprayed under the supervision of the county spraying and fumigating office. The work was done by the county spraying crew. The solution used in this spraying work consists of one part of distillate to ten parts of water. This spraying crew makes a round of this section every year and to these visits may be given the credit of the excellent appearance of the trees of this place and also the healthy state of the shrubbery.

Austin Edward, one of the prominent young men of this place, was injured Monday while assisting in moving a large jack from one of the wagons belonging to Mahoney Bros., oil contractors, for whom he is working. A half of the first finger of the right hand was badly smashed. At first it was believed that the member would have to be amputated at the first joint, but since being given medical attention the injury has improved so much that it is now thought that this will not be necessary. He will, however, be unable to work for a week or so.

A class of ten candidates was given the third degree rank of knight by the Knights of Pythias lodge of this place in their hall on San Fernando road Monday evening. Following the initiation services an elaborate oyster supper was served in the spacious dining room. Mr. Cressey, chairman of the social committee, had charge of the "eat." Plates were laid for about eighty guests. The "spread" was of such a nature that the recruits stated afterward that they would ride the goat again if the lodge would "come through with a hand-out of that class."

SANTA CLAUS REALLY CAME.

About two hundred of the little tots of this place were glad Tuesday night when the Knights of Pythias lodge of this place gave them a "real Christmas party." For several weeks the announcement was made that this party would be given the "kids" ranging from four to twelve years of age, and the genuine joy that shone from the faces of the little men and women more than repaid the generous knights for the work and money expended in this little "good time."

From the beginning the affair was well planned. For a week or so previous to the party the children were

informed that if they wished to participate in this party they should register at any of the following places: Inter-Urban Sentinel office, Tropic school or Davis Grocery. Up to Tuesday morning more than one hundred and fifty children had registered and during that day the number was swelled to the two hundred mark. When the little folks arrived at the hall their tiny faces were the very picture of expectancy. Their little minds were filled with wonder and they were so excited that they could scarcely refrain from going behind the scenes and pulling Santa Claus from his hiding place. When that individual did appear, however, he was greeted with shouts of joy and laughter, while dozens of tiny hands were clapped with ecstasy and many a rosy face was wreathed with smiles that didn't come off until it was time to leave for home.

Santa and his assistants were abundantly prepared for the many little guests and each one was given a ten-cent present in addition to candy, nuts, apple, etc. The treat was certainly elaborate and each toy and goody fulfilled the mission for which it was intended.

During the evening an appropriate program was rendered under the direction of W. H. Hibbert, an officer of the lodge. Besides the little guests of the evening there were present their parents and a host of friends who gathered to see the tots enjoy the time of their lives. The members of the K. of P. lodge, who are to be commended for furnishing a real Christmas treat to many a little soul whose Santa Claus and Christmas pleasures probably ended when the evening's round of pleasure was over, state that this was the first annual Christmas party, and that these events will be continued from year to year.

It cost the members of the lodge about \$85 to furnish this entertainment, but as one of the lodge members said after the affair was over, "That was a ten-spot to see them there, kids floundering around in joy that way, and it only cost me four bits. So you see I'm nine and a half ahead of the game. Come again, kids."

WEST GLENDALE

Mrs. C. MacArthur of Chicago is the guest of Mrs. Flora Pixley of 509 Columbus avenue.

New dates, nuts, Heinz's mince meat, cider, popcorn, cranberries, dill pickles, oranges, and everything good, at the Bungalow Grocery.

Mrs. L. G. Dodge of West Broadway who has been seriously ill for the past few weeks, is improving but still under the care of a trained nurse.

Mr. and Mrs. E. P. Tatum will take their Christmas dinner with Mrs. Tatum's parents, Mr. and Mrs. Martin, at Hotel Figueroa, Los Angeles.

Other bells than those for Christmas will soon be ringing in Glendale—due notice to be given later—so don't let your subscription to the News run out if you are interested.

Mr. R. W. Hammond and family, formerly of West Ivy street, but now of Los Angeles, were in Glendale Wednesday, visiting friends and looking after their property.

Mrs. Chas. H. Toll, who was confined to her home with a case of tonsillitis, is now convalescent. Master Carroll Toll, the small son of the family, is now counted on the sick list, but not thought to be serious.

Carpenters' Local No. 563, together with their families, enjoyed a very pleasant evening Tuesday, Dec. 17, in Odd Fellows hall. Dancing, music and games were enjoyed by all; also the refreshments which were served. The boys of the Glendale band were guests of the evening.

The West Glendale M. E. church gave a fair on Thursday, Dec. 12, which was a decided success, both socially and financially. There was a sale of cooked foods, fancy work, craftman articles and candy, and light lunches were served to those desiring them.

The Bungalow Realty Company reports the following sales of West Glendale property during the past week: Lot 35, block J, Miss Anna Scharlach to Mr. Biddle. Lot 17, block H, E. Witt to Clifton Fish. A lot at 1417 West Fourth street, from Mr. Mason to Mrs. Engle of Santa Monica.

The fire department was called to Fourth and Remington streets Friday of last week, and although handicapped by lack of water pressure, did good service by the liberal use of the chemical extinguishers in putting out a fire which, if it had secured headway, might have spread to surrounding property.

Friends here and in the valley of Mr. A. J. Hallihan, son-in-law of Mr. S. J. Willett of 1010 Lomita avenue, will be pleased to hear of the great improvement in his health since going to Arizona a short time ago. He is feeling splendid, writes most encouraging letters, and by spring expects to return home in his usual good health.

The fire department was called out last night for a small fire in the residence, corner Remington and Broadway, but the fire was out before the arrival. The lady of the house had emptied some ashes in a wooden box in the screen porch and in her absence the coals came to life and set fire to the side of the house, damage slight.

Mr. Earl Kinzell made a special trip from Los Angeles on Sunday to announce to his friends here, the arrival of an eight-pound baby girl in his family. The little Miss made her debut at the home of her maternal grandmother in Los Angeles, on Thursday, Dec. 12th, but expects to be at home to her friends before long at her home 1521 Ivy street.

A party of Glendale citizens who made a 200-mile auto trip last Sunday, which took them in the vicinity of Bakersfield, report all kinds of weather on the way, sunshine, clouds, etc., and passed through a genuine snowstorm. The entire trip, 400 miles, was made in the day without a single mis-

hap, and was most thoroughly enjoyed. The lady members of the party saying they wouldn't have missed it.

H. D. Brown, who has just returned from an eight-day trip through some of the farming districts of Arizona, reports having a trip of both pleasure and profit. Mr. Brown found the country in far better condition than he had expected, and was much impressed with the future as a farming district, of which it gives promise. Phoenix, Maricopa, Palomas and Aztec were found especially interesting because of the development of the land which is being carried on there, and at Casa Grande, thirty-five miles from Phoenix, a \$5,000 pumping plant is being put in. The government land is said to be pretty well taken. There is some good land to be had, however, at Tempe, where almost every product of both the temperate and tropic zones can be grown. Mr. Brown has purchased 320 acres at Maricopa, which he expects to develop as rapidly as possible.

BAZAAR AND COOKED FOOD SALE A SUCCESS.

The bazaar and cooked food sale held by the Ladies' Aid of the West Glendale M. E. church on Thursday last, was a decided success, financially and otherwise. There was a fine display of fancy articles, woodwork, etc. The cooked food of which there was quite an abundance, was readily disposed of at a very remunerative consideration, the entire table being cleared in a short time. The candy booth met with approval and the attendants had plenty of time for rest, their sweets being sold out in short order. Rev. Walton acted as auctioneer during the evening, with fine success. When he retires from the ministry we'll know where to look for him. Many took lunch at 10 cents per plate. Almost \$40 was realized from the sale.

CHRISTMAS EXERCISES AT THE REMINGTON STREET SCHOOL.

The Christmas spirit prevailed at the school building on Friday last, and a happy lot of children there was who enjoyed the exercises of the afternoon. The hall was appropriately decorated, and a very good, program arranged. Santa Claus was there in the person of Master Fred Dodge and a very dainty little miss, Winifred Jones, represented the Angel. The "manager" which was the most important feature on the program, was filled to overflowing with food of all kinds and a "grocery store on a small scale" occupied a space in the hall. The gift of the children, was equally divided among several families in Glendale. Earlier in the week gifts of toys, games, clothing, etc., were brought by the children and sent to Los Angeles.

CHRISTMAS SUNDAY AT THE WEST GLENDALE CHURCH.

An exceptionally good sermon has been prepared by the pastor for Christmas Sunday, Dec. 22nd, and every one is given a cordial invitation to come. The church is well heated and there are plenty of seats for all. Rev. Walton's subject for the morning service will be "Did God prepare the heathen world for the coming of the Redeemer?" The evening sermon will be "An outdoor oratorio." During the evening sermon Rev. Walton will recite from Ben Hur, the description of the Angel's visit to the Indian shepherds.

Don't forget the Christmas exercises that are to be held at the West Glendale M. E. church on Christmas evening, later changed to Monday evening. The teachers and children have been rehearsing for some time and the program will be very good. One feature will be "Christmas Gifts of All the Nations," will be told in song mostly, the children taking part, being costumed according to the countries they represent.

RISE IN CALIFORNIA.

That rice can be grown successfully on a commercial scale, in California and on the Pacific Coast has been demonstrated by the first crop now being harvested near Richvale in the Sacramento Valley. From officials of the Southern Pacific company, it is learned that the 1500 acres planted early this spring are yielding 5000 pounds per acre, or 3750 tons for the district. This crop is a new one for California and adds an important product to the already long agricultural list of the West.

The black adobe soil of the valley, under irrigation, has been found very favorable for the culture of variety of Japanese rice known as Wataribune. The seed is planted in March. The land is cut up into squares surrounded by dikes. After the young plant has attained a height of 12 to 14 inches, the areas are flooded to a depth of 3 to 6 inches, and kept wet until the growth is mature, usually the first week in September. The water is then drawn off and the ground left to dry for ten days so that it may support the threshing machines.

FINE CONCRETE VIADUCT.

Arroyo Seco to Be Spanned—Important Improvement.

Work on the concrete viaduct or bridge over the Arroyo Seco at the west end of Colorado street, in Pasadena, is being carried on as speedily as possible by the contractors. They have finished three spans and are erecting woodwork for the next one that will take the structure to the water line of the Arroyo. Then two or more long spans will be constructed and the west terminus will be at the present line of the country road that runs through the hills to Annandale Valley and thence westerly to Eagle Rock. This narrow road through the hills is rough, crooked, and vehicles are forced to turn back at many points to allow the passing of others. This viaduct is destined to become part of a highway between Pasadena, Glendale, Hollywood and Santa Monica. The cost of the structure is to be divided between the county, the Pacific Electric Railway Corporation, and Pasadena. Stakes have been set for the widening of the road westerly from the Arroyo.—L. A. Journal.

Williams' Dry Goods Store

"The Biggest Little Store in Glendale"

Only three more store days before Christmas, but they will be busy ones. We are prepared to take care of your wants. Plenty of merchandise, plenty of help and plenty of light both day or night. Late selections will be as good as the first. There are no culls. Practical gifts please best.

Map of Petrified Forest

The interesting region of the Arizona Petrified Forest was surveyed by the United States Geological Survey in 1910, and the resulting map has just been issued. The field work was done by Topographic Engineers Pearson Chapman and J. G. Staack, under the direction of R. B. Marshall, chief geographer. The area covered by this survey is known as the Petrified Forest quadrangle, and the map will be of special interest and value to visitors to this remarkable region. It includes the principal portions of the Petrified Forest National Monument, a reservation created by executive order to protect these natural wonders against commercial vandalism, which was making serious inroads into the petrified specimens. The map shows the location and topography of six separate forests, including the famous Petrified Natural Bridge. The fossil

The two lots, 1220 and 1222 West Seventh street, have been bought by Mr. John J. Graf, vice president of the Sespe Con. Oil Co., for \$3700 cash. He will shortly begin the building of an up-to-date apartment house. It is his intention, also, to build an apartment house on a lot across the street.

One of the Glendale creditors of the late lamented Dr. E. A. Barabe received a one per cent dividend the other day on a bad check, the doctor's estate in Cleveland being in process of division among his creditors through the bankruptcy court.

trees of these forests are hundreds of thousands if not millions of years old, the wood of the trees having been submerged beneath a heavy covering of soil and then silicified and turned to stone. This stone is exceedingly hard; in fact, it is an agate of many colors—red, yellow, purple, blue, and intermediate shades—and is susceptible of a very high polish. The Petrified Forest is just south of the line of the Santa Fe railway, in Navajo and Apache counties, Ariz., and is reached by wagon road from the town of Adamana. The map is sold by the Director of the Geological Survey at the nominal price of 5 cents a copy.
